

MY FIRST BOOK OF TRAINS

EXERCISE 4: THE TRACK

Answer these questions in your English exercise book.

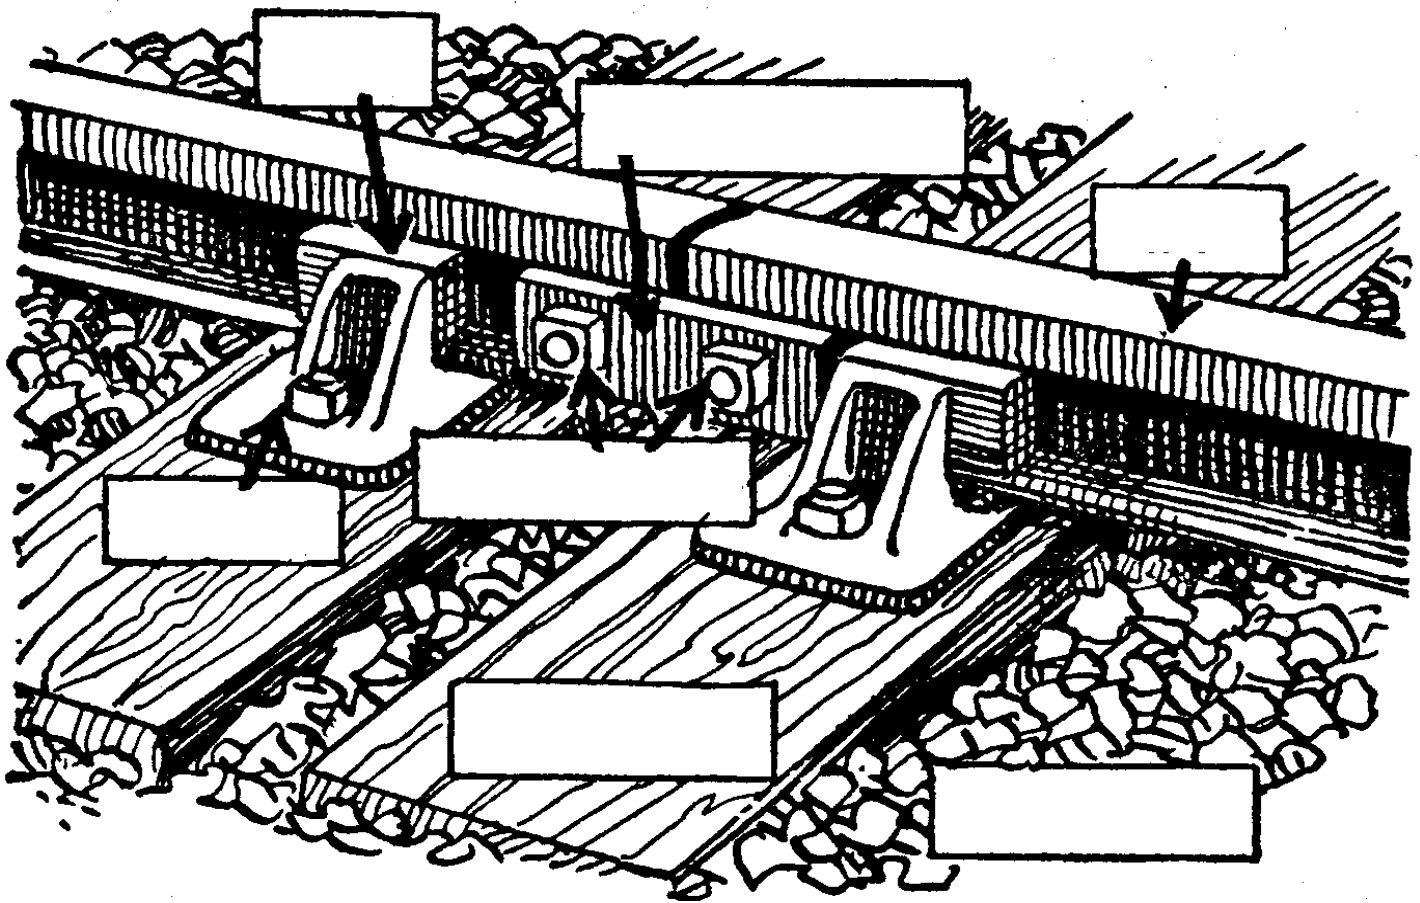

What is used instead of iron for rails now?

What is used in other countries to fasten the rails to the sleepers?

What is the usual way to find out the speed of your train?

What else can you use (if you have one) to find your speed?

Fill in the labels on the diagramme.

Write six sentences about a train you have travelled on recently.
